

# INTERNATIONAL INSTITUTE ON PEACE EDUCATION 2003

## "EDUCATING FOR PEACE IN DIVIDED SOCIETIES"

**ASIA-PACIFIC CENTRE OF EDUCATION FOR INTERNATIONAL UNDERSTANDING  
SEOUL, KOREA - AUGUST 4-10, 2003**

---

The 2003 International Institute on Peace Education will be hosted by the Asia-Pacific Centre of Education for International Understanding, Seoul, Korea, organized in association with the Peace Education Center of Teachers College Columbia University. IIPE, founded in 1982 by the Peace Education Program of Teachers College, has been held annually in different parts of the world. It is a multicultural and cooperative learning opportunity in which participants learn from each other about substantive issues and interactive teaching approaches. The Institute is also an opportunity for networking and community building among those who educate and work for a culture of peace in Asia and Internationally. The program will consist of plenaries, workshops, reflection groups, and visits to community projects.

The IIPE 2003 theme is "Educating for Peace in Divided Societies," confronting the challenge of educating toward justice, peace and sustainable development considering peoples, nations, and regions deeply divided by political, ideological, cultural and religious differences. Multiple perspectives on cases and incidents will be explored. Various ways of teaching toward the healing of the divisions, the overcoming of violence, and the achievement of ecological balance, economic justice, and democratic participation in a culture of peace will be presented.

As in previous IIPEs, this Institute will draw on the experiences and insights of diverse peace educators and advocates from all world regions. IIPE 2003 invites educators to gather in Korea to learn together about teaching toward transcending social divisions and working toward human solidarity.
